Mar 27, 2017	College Algebra	59	50

* The College Board recommends that colleges use the American Council on Education (ACE) credit-granting standards, which set a cut score of 50, equivalent to a grade of C in the corresponding course, across all exams. However, college score requirements for awarding credit vary. Contact your college for more information. If you repeat an exam of the same title within the specified wait period (refer to the CLEP website for details), your score will be canceled and test fees forfeited.

Your CLEP scores will be kept on file for 20 years.
